

Academic Invest

Open Doors For Students

What is Academic Invest?

Academic Invest is a web based service which exists to ensure that employers are directly exposed to top students from top universities.

By having employment listings published on our website, employers are continuously marketing themselves to students who are actively looking for the right opportunity.

Today's students are full of new ideas, boundless energy and ambition. Tap into this invaluable pool of sharp-minded candidates by posting an employment, internship, or special project listing with Academicinvest.com.

With this outlook, Academic Invest aims to help employers brand themselves among students, and invest in their future.

OUR GOALS:

To help employers recruit top students for full time, internship, or special project assignments.

To help employers brand themselves among top students from top universities.

To give students exposure to career fields and options that they may not have known existed.

Academic Invest

Open Doors For Students
